Programme

Tuesday 9th of June 2015

Registration open (Radisson Blu Hotel): **17.00-19.00**
Exhibition set-up: **10.00-19.00**

Registration for June 9th workshops (University of Latvia, Raina blvd.19): **13.00-14.00**

02:00 PM - 05.30 PM

University of Latvia
Workshop: Sensors

University of Latvia
Workshop: Nanomaterials
characterisation and synthesis

Wednesday 10th of June 2015

Registration: **8.00-19.00**
Exhibition open: **11.00-19.00**

Posters available: **11.00-19.00**
Press and meetings: **11.00-19.00**

09:15 AM

Omega
PLENARY I. Industrial
Nanotechnology and
Advanced Materials in support
of European Re-
Industrialisation

11:15 AM

11:45 AM		
Omega 1 1. Clean and efficient energy solutions with nanotechnology & advanced materials	Omega 2 8. Printed technologies and microfluidics	Beta 11. Nano networks and clusters in Europe – smart specialisation in action
01:15 PM Lunch & networking		
02:15 PM		
Omega 1 2. Nanotechnologies and health	Omega 2 7. Novel functionalities enabled by nanomaterials	Beta 12. Pilot lines, demonstrators and access to research infrastructure – success stories and news
03:45 PM Coffee & networking		
	Posters	
04:15 PM		
Omega 1 3. Nanotechnologies and advanced materials in everyday life / consumer goods	Omega 2 9. Smart structures and intelligent materials	Beta 13. Education, skills and physical infrastructure needs
05:45 PM Welcome reception and posters		

Thursday 11th of June 2015

Registration:

8.30-18.00

Exhibition open:

9.00-18.00

Posters available:

9.00-18.00

Meetings:

11.00-15.00

09:00 AM		
Omega PLENARY II. Socio-economic trends and Innovation demands on Nanotechnology and Advanced Materials		
10:30 AM		
Coffee & networking	Posters	Guided expo tours
11:00 AM		

11:00 AM		
Omega 1 4. Nanotechnology's role for a sustainable environment (water, soil, air)	Omega 2 6. Modelling and characterisation at nanoscale	Beta 14. Public funding opportunities (Horizon 2020, regional, structural)
12:30 PM		
Lunch & networking		
01:30 PM		
Omega 1 5. Nanotechnology in smart, green and integrated transportation	Omega 2 10. Enhanced functionalities by nanomaterials, nanoengineering and nanofabrication	Beta 15. Innovation, IPR and funding – Trends and signals of private funding and innovation in nanotechnology
03:00 PM		
Coffee & networking	Posters	
03:30 PM		
Omega PLENARY III. Business opportunities and framework conditions for rapid deployment of nanotechnology		
05:00 PM		
Poster session authors at posters		
06:00 PM		
Conference dinner		

Friday 12th of June 2015

Brokerage day (Omega 1):

10.30-16.30

Exhibition open:

8.45-14.15

Posters available:

8.45-14.15

8:45am – 10:15	PLENARY IV: Winning the Competition: success stories and lessons learned	Omega 2
10:30am – 12:00	Workshop: COST highlights on nanotechnology and advanced materials	Beta 1
10:30am – 12:00		Gamma

	Workshop: Nanotech innovation challenge	
10:30am – 2:00pm	Workshop: Nanotechnology and materials in action: Pilot lines and industrial alliances to reach the market	Lambda
10:30am – 4:00pm	Workshop: Nano safety: Joint seminar of SIINN, NANoREG, ProSafe, OECD, NANoDefine and NANoValid	Beta 2
10:30am – 2:30pm	Future scientists present!	Omega 2
12.00pm – 12:30pm	Lunch	
12:30pm – 2:00pm	Workshop: Nanotechnologies and biomaterials for healthcare	Beta 1
12:30pm – 4:00pm	Workshop: Graphene & 2D-materials	Gamma
2:00pm – 2:15pm	Coffee and Networking	
2:15pm – 4:00pm	Workshop: Tools and supports to succeed in collaborative research and innovation	Lambda
